

On **September 15th**, our award-winning online and mobile banking services will be faster, more powerful, more customizable and more secure ... just better.

The following premium features and benefits are now available through **DIGITAL BANKING+** both online and through the First United Mobile App.

ENHANCED USER EXPERIENCE

- + **Single sign-in for both personal and business users** allows you to view all your accounts in a single location with one login.
- + **Single integration platform** allows you to view account information in real-time providing a seamless experience on any device.
- + **Multi-account aggregation** provides an up-to-the-minute view of your entire financial portfolio—including external accounts—all in one place.
- + **Completely customizable dashboard** allows you to customize quick links based on user preferences, prioritize, re-order and hide accounts, and enhance transactions by adding custom tags, notes, or photos of checks or receipts.
- + **Spanish conversion** will be available with the click of a button in mid-October 2021.
- + **DIGITAL BANKING+** is available again on the **Apple Watch!**

MORE CONTROL OF YOUR FINANCES

- + Take a quick look at your current balance with our **Quick Balance** feature by swiping to your notifications screen.
- + **GOALS** allows you to transfer funds into individual GOALS accounts designed to help you reach your savings goals and create healthy savings habits.
- + **SavvyMoney** provides a comprehensive credit score analysis with updates, full credit report and credit monitoring right from your **DIGITAL BANKING+** dashboard.
- + **Debit Card Management** allows you to temporarily suspend the use of your debit card should it be compromised, lost, or stolen and reactivate to resume normal activity.
- + Use **Card Swap** to automatically link or update online and subscription payments to a single debit card with a single entry.
- + Securely **deposit checks** with the camera from your tablet or cell phone.
- + **Schedule recurring bill payments** and view your bill pay history.
- + Link **DIGITAL BANKING+** with **QuickBooks**, **Quicken** and other financial management tools.

INDUSTRY-LEADING SECURITY TECHNOLOGY

- + Enhanced data encryption and identity verification technology such as **Touch-ID** and **Facial Recognition** for sign-in ensures your account information is protected—iron clad.
- + Set **custom account notifications** for spending limits and upcoming bill payments, as well as security alerts for suspicious account activity.
- + Safely and securely **send and receive messages** directly to a First United Customer Service Representative from within **DIGITAL BANKING+**.

You can also use **DIGITAL BANKING+** to:

- + View imaged statements
- + Transfer funds from one account to another
- + Issue stop payments
- + Order checks
- + Issue wire transfers
- + Locate Banking Centers, ATMs and TellerCHAT ITMs
